## CLUB MEMBERSHIP REFUND POLICY

Club Memberships are paid annually in accordance with agreed tariffs relevant to sections of the club whether playing or non playing categories.

The Membership Fees are used to provide, maintain and upkeep facilities used for the enjoyment of Rugby related activities.

The Committee of Yeovil Rugby Club will use every endeavour to provide and maintain those facilities, however there may be, on occasions, factors, unforeseen or beyond the control of the club that prevent those facilities being available.

Unfortunately in the event of any such scenario the club will still need to meet the expectations of creditors and undergo essential maintenance of the facility therefore if Rugby related activities cannot be provided at that time then refunds cannot be given to Members.

It is hoped that Members accept that situation in order that facilities will still be available at the time when normal activities can resume.

If a Member decides to leave the club within their Membership term then no refund will be given for any circumstance (except conditions under) nor will refunds be given if a Member is expelled for breach of club rules.

The Committee will consider refunds if a Member cannot, through unforeseen circumstances, continue to enjoy the facilities of the club. For example via long term injury / relocation/ bereavement etc.

Members refused refunds may appeal, in the first instance, in writing to the Management Committee of Yeovil Rugby Club and if reasons are considered valid then be refunded.

In any circumstance the decision of the management Committee of Yeovil Rugby Club shall be final.

Issued by the Management Committee, Yeovil rugby Club. October 2020
